

June 7, 2019

Dear Doug,

I want to thank you for your help yesterday concerning the mold in the closet. With Gene gone, this old, old woman doesn't know what to do when something goes wrong with the house.

I'm going to the paint store this afternoon and see if they have paint that will take care of the problem. I'm sure everything will work out.

Please forgive me for bothering you when you were so busy. You're a good, honest business man that I trust. I didn't know who else would advise me. Many, many thanks.

God bless you.

Sincerely,

Elizabeth W. Kessel
